

Daily Tool Kit App – UI / Template System Spec

Core Goal

Build a clean, premium, fast Shopify utility app with 8 tools.

Every tool includes 3 pre-made professional templates so merchants can launch quickly.

Templates should feel:

- Modern
- Elegant
- Minimal
- High-converting
- Mobile-friendly
- Fast loading

Global App UI

Left Sidebar:

Dashboard, Offer Bar, Countdown Timer, Popup Builder, Trust Badges, Product Bundles, Sticky Add to Cart, Bulk Product Editor, Review Widget, Settings

Each Tool Page:

- Header with tool name and enable toggle
- 3 template cards with preview
- Desktop / Mobile live preview
- Simple settings area
- Sticky Save button

Design Rules:

- Clean spacing
- Rounded corners
- Soft shadows
- Strong typography
- Neutral colors
- One editable accent color
- Smooth subtle transitions only

Business Goal

Merchants should feel:

"I installed this and launched beautiful conversion tools in minutes."

MVP Priority

1. Fast UI
2. Easy setup
3. Beautiful templates
4. Stable publishing
5. Low confusion

Metrics to Track

- Template selection rate
- Publish rate
- Most used templates
- Time to first publish
- Retention
- Paid upgrades
- Feature usage
